WE MAKE THE CUT!

KETT CORDLESS POWER SHEAR KITS

Kit No. KB-301-K 18-Gauge Swivel Head Shear Kit

A powerful 14.4 volt motor drives these double cut shears at 2300 strokes per minute. The swivel head provides precise control when making straight or contour cuts in metal, plastics, or other thin sheet materials. Cuts at up to 150 inches per minute.

Ideal for cutting autobody or aircraft panels. The aluminum shear head keeps weight down to only 7.0 lbs. The blades shearing action leaves a clean, burr free edge and won't warp or bend the metal. Kit includes shears, one battery, charger and custom carrying case.

KETT Kit No. KB-342-K 16-Gauge Cordless Power Shear Kit

Make contour cuts on 16-ga. mild steel or 18-ga. stainless. The Shear's 14.4 volt motor and close clearance heavy duty blades provide smooth cutting action, without burring or buckling the material. The patented shearing action curls the 3/32" wide waste strip into a handy coil for fast clean-up. Powerful enough to cut truck or bus panels, metal siding or steel doors. The extended run time NiCad battery recharges quickly and there's room for a spare, and the charger unit in the handy carrying case.

Specifications

Model	Cutting Capacity	Motor/Max SPM	Head	Weight	Length
Kit No. KB-301-K	18-ga. mild steel/20-ga. stainless	14.4 volt/2300 SPM	60-20	7.0 lbs.	12 3/4"
Kit No. KB-342-K	16-ga. mild steel/18-ga. stainless	14.4 volt/2300 SPM	42-20	7.0 lbs.	12 3/4"

IN THE SHOP, OR AT THE JOB-KETT MAKES THE CUT!

KETT Kit No. KB-341-K Cordless Scissor Shears

Combine 14.4 volt cordless power with large "rabbit-ear" blades for fast accurate cutting of 24 ga. steel siding, 18 ga. wire mesh, plastics and rubber. Cuts clean without clogging.

Now you can move easily around the shop or at the job site with these completely portable Cordless Scissor Shears. Designed for light duty cutting of a wide variety of pliable materials, they weigh only 8 lbs. yet are ruggedly built with a hi-impact plastic housing and aluminum cutting head. Kit comes complete with one battery, charger and carrying case.

KETT Kit No. KB-380-K Cordless Scissor Shears

Here's the ideal tool for cutting pliable materials such as vinyl, woven woods, chip-board, foam rubber and linoleum. Also use them to cut heavy foil, light insulated wire, hardware cloth and light mesh screening.

Kett Portable Cordless Scissor Shears come as a complete kit and include one battery, a charger and lightweight custom carrying case.

There's room for an extra extended run time NiCad battery which can be ordered separately if you wish.

Optional Extra NiCad Battery No. KB-302

KETT
TOOL COMPANY

KETT CORDLESS FIBER-CEMENT CUTTING SHEAR KITS

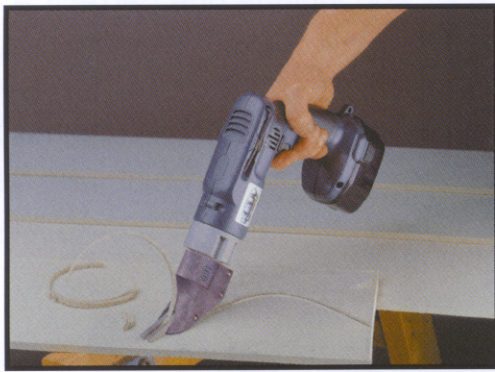

KETT Kit No. KB-392-K Heavy-Duty Cordless Fiber-Cement Shear Kit

Save installation time with the freedom to work outside, inside, up high...anywhere. Kett's Cordless Fiber-Cement Shear Kit lets you cut siding, board and dozens more construction materials. Weighing only 7.0 lbs. with its extended run time NiCad battery, it gives you reliable power for the toughest jobs. It easily cuts fiber-cement siding and backer board 5/8" thick with no airborne dust. The custom carrying case stores charger and battery.

KETT Kit No. KB-392C-K Medium Duty Cordless Fiber Cement Shear Kit

Powerful 14.4 volt Shears cut fiber-cement siding, board and backer board fast and easy.

You can make curves or contour cuts in materials up to 3/8" thick with no airborne dust and minimal clean up. The long-lasting tool steel blades leave a clean waste curl and save substantially over the cost of any other cutting method. Kit contains carrying case, power shears, charger, one battery and room for a spare to carry to the job site.

Specifications

Model	Cutting Capacity	Motor/Max SPM	Head	Weight	Length
Kit No. KB-392-K	1/2" Cement Board	14.4 volt/2300 SPM	92-20	7.0 lbs.	12 3/4"
Kit No. KB-392C-K	3/8" Cement Board	14.4 volt/2300 SPM	92-20C	7.5 lbs.	12 3/4"
